

Industry Veteran Omesh Sharma Joins Pivotal Systems as CFO

APPOINTMENT IS AN IMPORTANT MILESTONE FOR THE GROWTH AND MATURITY OF PIVOTAL

Pleasanton, CA.—June 27, 2008—Pivotal Systems Corporation, the leader in advanced process monitoring and control solutions, today announced that Omesh Sharma has joined the executive team as Chief Financial Officer. Sharma brings over 20 years of financial management experience in the public and private high technology arena. His appointment marks an important milestone for the growth and maturity of Pivotal.

“We are excited to have Omesh Sharma join our team. Sharma’s depth of financial leadership at large and small technology companies will be critical as Pivotal scales to meet strong customer demand,” said John Hoffman, Pivotal’s Chief Executive Officer.

Prior to joining Pivotal Systems, Sharma held several key senior financial and management positions at RagingWire Enterprise Solutions, Media Arts Group Inc., and Nortel Networks, where he was responsible for implementing business processes, procedures, financial and operational metrics, and controls. His demonstrated ability to streamline operational procedures has helped a number of companies achieve significant cost-efficiencies. While at Nortel Networks, Sharma received two Top Talent awards and was recognized with numerous Pride awards for his outstanding contributions to the company.

“Pivotal is definitely in a high growth phase and I look forward to maximizing our growth potential as quickly as possible,” said Sharma.

About Pivotal Systems

Pivotal Systems Corporation provides best-in-class monitoring and process control technology for the semiconductor manufacturing industry. Pivotal’s vision is to enable an order of magnitude increase in fab productivity and capital efficiency for current and future technology nodes. This vision is achieved through its real time in situ process monitoring and control solutions. Founded in 2003 and based in Pleasanton, California, the company is led by veterans from the semiconductor and high-tech industries.
